Let last year go. It was what it was. We are all going to be ok. Let's rock this thing!!!!

**What can your classroom parents do to help you most this year. (Optional)**

Please love all of the citizens of Frogville. Don't judge. Don't anticipate, just participate. Let me know how to team with you to help your child succeed. Let me know the level of involvement you desire. Talk to me. Let's not decide how this year went until we get to the end. Let's celebrate every success and every student, every day. Let's do this, TOGETHER!
